

March 18, 2020

ADDITIONAL FORESTVIEW 5-8 CHROMEBOOK DISTRIBUTION INFORMATION

WHO:

We are asking every student in grades 5-8 to pick up a school-issued Chromebook. This will help with ensuring that all students have access to the same programs, etc. on their device.

WHEN:
Thursday, March 19 and Friday, March 20 between 8am and 8pm both days

WHERE:

Please enter through the Community Education doors. We will be distributing the Chromebooks in the gym. We will have staff helping to keep appropriate social distancing during these times.

COME PREPARED:

Please know your child's pod. Please read the attached PDF version of the policy and usage handbook. You can also click [here](#) to view it as a Google Document. A parent/guardian acknowledgement signature will be required upon pick up. We will have copies of the signature page, but please feel free to print the last page, if possible, and come with it signed. It will help speed up your process.

IMPORTANT INFORMATION:

At this time, our buildings are closed until March 27th while teachers prepare for possible distance learning starting Monday, March 30th per Governor Walz.

The district has a goal of every household having enough internet access for students to complete their required distance learning activities, if needed, starting March 30th. If you are concerned about your internet access, please complete the needs survey by clicking [here](#). Our technology team will then follow-up with you.
